

## 2022 Sprinters League

The Sprinters League takes place at the Sundrive Velodrome with events every 3 weeks approximately. The aim is to give sprint focused riders some good quality sprint racing and a chance to prepare for major sprint events such as the National and Masters Championships etc. Each round will start with 20 minute warm up followed by a timed qualifying round, usually a Flying 200. We then would operate a sprint ladder of 3up or 2up sprints. We may also include H/cap Lap Dash, Keirin, Team Sprint or Standing Start 500m.

**Open to Accredited Junior/Senior/Masters/Youth Track Riders (No hire bikes)**

**Entry Fee €9 – Sign in and Pay online**

### Round 1 Report by Hugh Byrne

Conditions of a block headwind in the back straight made life difficult in the Flying 200 qualifier which saw Dmitri Griffin prove fastest. We then listed riders in order and set up 3-up Sprints. Each winner moved up a group and third placed rider moved to the group below. Round 2 & 3 followed the same format of 3 up Sprints with riders moving up and down based in result. This proved quite interesting and made for competitive racing for all three placings. The final round was 2-up sprints matched based on performances through the earlier round. All races apart from the first round were run over the full two laps.. After placing 4<sup>th</sup> in qualification Juan Rodriguez amassed the most points in the sprint rounds and just pipped Dmitri for the overall. . Eric Gasparro would have been well in the mix but for a slight collision with the fence which dented pride and ankle! We were also happy to have Eamonn Byrne (Sprint School) on hand to help with the running of the event and to offer encouragement and advice. The great thing about sprinting is half the time people tell you that you did well and the other half what you did wrong and sometimes even when you do well they still tell you what you did wrong!! All part of the supportive atmosphere we have cultivated in the Sundrive Sprinters League!!

## Round 2 Report by Eamonn Byrne

It was a cold day with only a mild headwind on the home straight this weekend at Sundrive for round 2 of the sprinters league. The day started with a flying 200 for all riders with some big improvements and PBs for many riders but all overcome by the powerhouse that is Harvey Barnes with a casual 11.25 on a smaller than usual gear for him. The senior riders were then seeded into two groups for a Keirin type bunch race, but in the absence of a derny, riders rolled around alongside each other and the race began out of turn 4 for a 600m race to the line. Attempts to handicap Harvey in the first round were futile as he closed the advantage gap given to the front riders with ease, Taking the win from Dimitri Griffin and Juan Rodriguez. In the 2nd Heat, James Glasgow took the win over Mark Stewart and David Power in what was an exciting race to watch from the side-lines. The first 3 riders from each group went onto the A final with the remaining riders going into the B final. Once again attempts to handicap Harvey by making him be the derny pacer in his own race before having to pull to the back of the group were not enough to slow him down as he took the win, albeit closely, ahead of James Glasgow and Dimitri Griffin. The B final made for another good race with Frayank Nuñez taking the win over Thomas Pickford and Paul Bonass. There was another battle going on amongst the senior races with our only two female entrants Aisling Conlan and Julia Cooper, who did battle to the end of both the heat and B final with Julia taking the lead position in the heat and Aisling overcoming Julia in the B final.

We had 7 U16 and junior riders who did battle over 3 rounds of 2 up and 3 up match sprints as they prepare for the upcoming nationals in Orangefield next month. There was some really close racing following a close grouping of qualifying times with Kyle Glasgow taking the most wins on the day. Some really strong and aggressive riding from all riders and it bodes well for the nationals.

The day was closed out with a handicapped standing 500m with fastest seeded rider starting at the 500m line and the lowest seeded rider with an advantage that was perhaps miscalculated in some match ups but very well judged in others. This saw the fastest rider on the day beaten by a lightning quick from the gun Eoin Hasset and many other fast riders beaten or edged out by slower seeded riders on the day. The last heat between Mark Stewart, Julia and Aisling saw a very close finish with Julia taking the win over Mark and then Aisling. Thanks to all riders who attended and made round 2 a fun and interesting day, hopefully we can build on the number of riders and get more female riders signed up for the next event to showcase what Sundrive has on offer.
