Report Round 1

We started Round 1 with a Flying 200, with a fastest time by Karl as expected, and Alan Morrissey within a 1/100th of his lifetime best. Our second event was a 'unknown distance' operating to a 96" gear limitation and the starting whistle to go at 1.5 laps to go, which equates to Keirin Sprint distance. This proved to be the most popular and entertaining race of the night as you need to be switched on from the start and keep all 4 riders in view being mindful of any rider with more of an enduro background going long! Our third race was a rolling start mile – too long to go from the gun. Our final race of the night was the one lap h/cap with Stephan taking advantage of the low gear to hold off the field. It was great to welcome some new riders to the league and we look forward to the return of some of our regulars for the next round scheduled for Sunday April 26th 10am
